For the 2008-2009 school year, we will continue to offer our TJMS families the monthly newsletter on-line, with an e-mail link each month of our current newsletter, that we post on our website. This method will enable all our Jefferson parents to receive important information and dates in a more timely manner.

In order for us to successfully continue this service, we ask that you fill in the necessary information below. We realize e-mail is not an option for all our families and that some parents/guardians would rather the newsletter to be mailed home. If this is your preferred method, please be sure to complete the appropriate information and check the box that offers this option.

Please mail or bring to our main office.

*** Please notify us when you have an e-mail address change so we will have accurate records for you to receive notification.**
