

**Thomas Jefferson**  
**Technology Night**

**11/16/2017 Starting at 6:30**

<b><u>Rotation</u></b>	<b><u>Summary</u></b>
<b>Canvas</b>	<b>How does Canvas work in your student's classroom? Find out how your student receives assignments, completes their assignment and finally submitting an assignment using Canvas. All of this information along with common errors found in the system.</b>
<b>Skyward</b>	<b>We will review the different features of Skyward and how information is shared. We plan to do a more in depth look at the gradebook feature and how you can interpret and use the functions to support your student.</b>
<b>A tech classroom</b>	<b>How might technology be used in the classroom? What is good notes? What is google drive? Find out how your student may be expected to use technology.</b>
